## Product Solution

Anaerobic Gasket Maker

Sealants

Anti-Seize

Gasket Makers

Aerosols

**Dynatex Anaerobic Gasket Maker** is a single component, medium strength paste like anaerobic sealant. This product cures to a medium strength between close metal parts where there is an absence of air. The Dynatex Anaerobic Gasket Maker provides a tough solvent and temperature resistant seal that flexes with flange movement caused by vibration, pressurization or thermal changes all while retaining flexibility for proper gasketing. Great for vacuum pump flanges, fuel pumps, water pumps, gearbox covers and automotive and truck axle covers. Once cured has operating temperatures of -65°F to + 300°F.

- Non-Corrosive to Aluminum or Cast Iron
- No curing outside of joint
- Great for High Vibration Gasketing

Dynatex is an ISO 9001 certified manufacturer and packager of branded and private label chemicals for everyday Automotive, Heavy Duty and Industrial Maintenance Markets

## Ordering Information

Dynatex Part No.	Description & Size	Units Per Case	Loctite® Functional Equivalent
