**Brush-On Electrical Tape** outperforms common electrical tape by sealing out moisture and dirt to virtually eliminate corrosion which cause many electrical failures. Brush-On Electrical tape sticks to metal, wiring, rubber, vinyl and plastic forming a tough flexible coating that dries at room temperature in 5 minutes. Dynatex Brush-On Electrical tape, with its handy applicator top and thicker formula is great for getting into tight places that just cannot be reached with ordinary tape. Use anywhere a dependable weatherproof connection is required.
