Dielectric Grease

Hand Cleaners

Anti- Seizes

Sealants

Threadlocker

Dynatex Dielectric Grease is a smooth, tacky, easily spreadable silicone grease that protects electrical connections and wiring from water, dirt and corrosion, (salts, alkalines and magnesium chloride). Dynatex Dielectric Grease maintains its consistency in extreme temperatures from -40°F - +400°F. Ideal for transportation and marine industry applications.

- Moisture Proofs
- Prevents Corrosion
- Prevents fusing of spark plug wires to spark plugs
- Displaces Moisture in Ignition and electrical systems
- Prevents voltage leakage
- Great rubber protectant

Dynatex is an ISO 9001 certified manufacturer and packager of branded and private label chemicals for everyday Automotive, Heavy Duty and Industrial Maintenance Markets
