Anti- Seizes

Sealants

Threadlocker

White Lithium Grease is a multi-purpose lubricant designed to reduce friction between load-bearing, shifting metal surfaces. Great lubricant between metal and plastic surfaces. Protects against rust and corrosion. Increases service life in most moving parts.

Motor Assembly Grease is a lubricant used in rebuilding engines. The motor assembly grease adheres to component surfaces such as bearings, camshafts, lifters, valves and guides. Once new engine is started the motor assembly grease protects from galling until the regular engine oil arrives.

Transmission Assembly Lube is a petrolatum and hydrocarbon mixture formulated for use as an assembly lubricant for automatic and manual transmissions. Remains stable and smooth at working temperatures, soluble in transmission fluids and will not clog transmission filters. Blue color eliminates misdiagnosing leaks.

Multi-Purpose Wheel Bearing Grease is premium, state of the art lithium complex grease. The multi-purpose wheel bearing grease has a high drop point in excess of 500°F, which insures retention in high temperature applications. This multi-purpose grease has been formulated with a special additive which insures high film strength, extreme pressure and anti-wear properties.

Dynatex is an ISO 9001 certified manufacturer and packager of branded and private label chemicals for everyday Automotive, Heavy Duty and Industrial Maintenance Markets

Ordering Information

Dynatex Part No.	Description & Size	Units Per Case	Permatex® Functional Equivalent	Loctite® Functional Equivalent
49594	White Lithium Grease 1.5 Oz. Tube Carded	12	80345	37567
49595	White Lithium Grease 16 Oz. Tub NLGI # 2	12		
49596	White Lithium Grease 16 Oz. Aerosol Can 10.5oz. Net	12	81981	
49597	White Lithium Grease 35lb. (5gal Pail)	1		
49598	Motor Assembly Grease 6 Oz. Squeeze Tube	12	81950	
54016	Wheel Bearing Grease 1lb. Tub	12		
55016	Transmission Assembly Lube 1lb Tub	12
